United States District Judge

ATTACHMENT A

The Court finds that the guilty plea hearing to be held on April 27, 2022, cannot be further delayed without serious harm to the interests of justice, for the following reasons:

1. To ensure that the Court is not overwhelmed by cases and proceedings at the conclusion of this period of emergency. Currently, District Judges in New Jersey handle a substantially larger docket of cases than Judges in other Districts in the United States. New criminal cases continue to be assigned by the Court during the emergency. If the Court cannot resolve matters now by guilty plea, the resulting backlog will overwhelm the Court's ability to function effectively. The concern of such congestion and the particular harm that likely will be caused by delays in the processing of cases and matters in the future is particularly acute in this emergency.
2. To permit defendant FRED DAIBES to obtain a speedy resolution of his case through an admission of guilt, and to make amends to any victims through an admission of responsibility and restitution. Defendant DAIBES has asked for this case to be resolved today by guilty plea.
3. To permit the Government to obtain a resolution of the case so that the Government, already operating in a restricted capacity due to the emergency, may appropriately focus its resources on other, emerging criminal matters. The Government has asked for this case to be resolved today by guilty plea.
